To Whom It May Concern,

In 2006, I was very fortunate to have the privilege to collaborate with Dr. Dan Oppenheim in preparing my original score *Elegy for Helen* for a concert performance. At every stage in the music transcription process, Dan demonstrated his meticulous attention to detail and his passion for the sheer joy of music, always bringing the considerable depth of his musicianship to bear in clarifying and perfecting the final score.

It gives me great pleasure to wholeheartedly recommend him and wish him great success in his future endeavors.

sincerely,
